West Chicago Man Drowns at Petite L. After Rescuing Two

Although he helped rescue his two companions, Howard William Klug, 34, of Joliet St., West Chicago, drowned Saturday forenoon in Petite lake.

His body was recovered at 11:45 a. m. by the Antioch Rescue Squad near the Clemens resort where the three men had been fishing.

Klug's companions, Douglas Beardsley, 54, and Arvid Klingberg, 34, both of West Chicago, told people at the lake that they were fishing from one side of the boat when a big wave tipped the boat over.

Knowing that his companions could not swim, Klug helped them to the overturned boat to which they clung. Then he started swimming toward shore to get help and had not gone more than 15 feet when he sank from sight, presumably from a cramp or heart attack.

Persons on shore, hearing the cry for help, rowed out and rescued Beardsley and Klingberg.

Lloyd E. Murrie, Everett Oltedahl, and Ernest Westlund began dragging and recovered the body in about 40 minutes. Murrie said that when the drag was first used, a hook was lost. Later when Klug's body was raised, the missing hook was found caught in his clothing.

"The sad part of it all," said Murrie, was the fact that there were five or six boats of fishermen in the immediate vicinity and not a one went to the aid of the men.

The three had just come to the Clemens resort Saturday morning.

Howard William Klug was born Jan. 1, 1920, and was a World War II veteran. He was employed as engineer for the Chicago and North Western Railroad.

The body was taken to West Chicago for burial.

Virginia Runge Rules Legion Carnival by Winning Vote Contest

She and Mother, Mrs. E. C. Runge, to Take Tour in August

Virginia Runge, crowned queen of the American Legion carnival, will be accompanied by her mother, Mrs. Edward C. Runge of Cedar Lake Rd., Lake Villa is an all expense trip to Washington D. C. the latter part of August.

"We don't know just what date we will leave, but it will be during the last two weeks in August so that I can get back in time for school," said the winning contestant in the popularity contest.

Miss Runge is a senior in the Antioch Township High School. Her father is an Evanston, Ill., merchant.

"It was all so unexpected," commented Miss Runge, "I was told that 2,500 votes entered by my friends came too late to be counted, and I was sure then that I had lost."

Had she known it, she had nothing to fear for her 23,300 votes nearly doubled the 14,160 of her nearest rival, Donna Mae Jerde of Channel Lake.

Miss Runge was crowned by Miss Joan Cervenka, last year's Queen. The crowning took place on a platform which had for its background a large American flag made of crepe paper and flowers.

Serving on the court of honor were Miss Jerde, Miss Nancy Holmes of Indian Point, who received 12,850 votes; Miss Judy Rorer of Lake Villa, 9,350 votes; and Patricia Lee Stratton, Channel Lake, who received 8,150 votes.

The members of the court of honor each received \$25 for clothing at MariAnne's.

As consolation prizes, Joyce Carlson, Lake Villa; Kay Frances Anderson, Loon Lake, and Jean Tegelman, Antioch, received orders for gifts at the Jewel Box.

The crowning of the queen was one of the highlights of the American Legion carnival which ended Sunday evening. The carnival was a big success as the result of good weather which brought large crowds.

The queen contest brought 8,000 fewer votes than last year, but was considered quite satisfactory.

Chamber of Commerce Plans Bucks Auction For Saturday, July 31

Members of the Antioch Chamber of Commerce meeting Monday noon at Smart's Country House, discussed articles each will give for the auction to take place at the Antioch High school Saturday, July 31.

The articles are those that can be bought through Big Bucks given with purchases at member stores. These can be used to bid on merchandise.

Two bicycles to be auctioned are on display in the Antioch News window.

The secretary reported that there are many inquiries to the chamber from persons wanting information on the renting of cottages and rooms at lakes. He said that if the reports would prepare a booklet giving information of rentals this could be sent out by the chamber in answer to the inquiries.

The public telephone is yet to be installed by the telephone company.

Republicans Hear Talk on Function Of County Treasurer

Guy O. Lunn, Chief deputy treasurer, and a candidate for the office of county treasurer, was the principal speaker at a meeting of the Antioch-Lake Villa Township Republican Men's club, held last night (Wednesday) at the Village Hall, Lake Villa.

A good crowd was present and enjoyed the informative talk given by Lunn, who touched on the work of the county treasurer's office and explained the workings of the office as it affects tax matters.

Other business transacted at the meeting included appointment of a committee to try to obtain relief from what was called "oppressive enforcement of unrealistic zoning laws" and the touch off of a membership drive for increased membership in the club.

The Lake Villa members of the club proved to be excellent hosts, and a fine lunch was enjoyed after the business meeting.

Crowned Queen of American Legion Carnival

Miss Virginia Runge, Lake Villa, was crowned queen of the American Legion Carnival Saturday evening by Miss Joan Cervenka, queen of the carnival in 1953. Like Miss Cervenka, Miss Runge and her mother will get an all-expense paid trip to Washington, D. C., for her victory in the vote contest.

"Old No. 1," Antioch's First Fire Truck Home Again; Purchased as Antique From Rockland

Old No. 1 came home. Antioch's first fire truck, sold six years ago to Rockland District near Lake Bluff, was purchased at auction by George Borovicka, local druggist, at Lake Forest Sunday and was brought to his home to be displayed hereafter as an antique.

"It should never have left Antioch," said Borovicka. "I purchased it for no other reason than community pride."

Old No. 1 was purchased by the community in 1923 through popular subscription in Antioch and the nearby lake region; through carnivals and other money raising events.

"We obtained the truck through a down payment and paid off the rest 14 months later to the very day," said Clarence Shultz, clerk of the fire department. "We paid \$6,800 for it fully equipped."

Borovicka has the original literature sent to the fire department by the Stoughton-Wagon Co., Stoughton, Wis., which built it. Through a picture of the truck Borovicka plans to restore Old No. 1 to her original appearance. For example, a windshield was built on it in later years, and this will be removed.

The truck was sold six years ago to Rockland Fire Department after Antioch got a new Federal truck. It served Rockland until recently when that district got a new truck. The truck still bears the approval of the Underwriters.

Minerva Car Wins First

Old No. 1 will take its place beside Borovicka's other auto antique, a Minerva 1927. The Minerva is of German make and is said to have at one time belonged to the German emperor while he was in exile.

The Minerva won the Midwest Classic of the C. C. C. A. at Rest Rarely Farm near Mt. Pleasant, Ill., Saturday.

The following day, the car won first place in the classic car division of the years 1922 to 1929.

With two more trophies to add to his collection, Borovicka is indeed proud of these accomplishments. The competition was against entries from all parts of the middle west.

Borovicka may some day part with Minerva, but with Old No. 1, never. It will be willed to the village when he dies. He plans to exhibit at antique shows and to enter it in parades.

Scout Programs Ready For District July 28 At Libertyville Picnic

The northwest district of the North Shore Area Council of Boy Scouts will receive the printed Council program for the year beginning Sept. 1 at the annual district picnic in Libertyville July 28, according to Scout Executive E. A. Schwechel.

The early distribution of this material will make it possible for all cub packs, troops, and explorer posts to develop their program plans for the fall season well in advance of the first meetings, Schwechel said. Leadership training will be emphasized during September and October with the following training opportunities scheduled:

Sept. 25-28—Commissioner staff conference; Oct. 2—Cub Leader Pow Wow; Oct. 1, 2, and 3, Junior Leader Training conference.

In addition, district basic training courses for cub leaders, scout leaders, and explorer leaders will be held in all four districts, and a number of den mother training sessions are also scheduled.

Ravenglen Farm Herd Is Back into Prominence With Winnings

Antioch 4-H members did quite well in the Black and White show of the Farm-City picnic yesterday at Murphy's grove near Wedges Corners.

Linda Cording, daughter of Mr. and Mrs. Walter Cording of North Ave., at the east edge of Antioch was the girl's champion, and David Vose, son of Avery Vose, was best in showmanship, and was boy's champion.

Linda was also second in girls' showmanship. It is her first year in 4-H work.

New to the show this year was the Ravenglen Farm herd of Bob Hunter. Its winning included:

Junior heifer calf, senior heifer calf, produce of sire, and junior two year old cow.

Included in the Ravenglen farm breed were strains of the famous Ravenglen herd of E. A. Ravenscroft, whose herd was dispersed a number of years ago. Evidenced was such names as Ravenglen Starlight Triune, Ravenglen Princess Triune and Durk Fobes Fayne.

Missing from the show this year was the Hawthorn-Melody herd. Its herdsman, Kenneth Munson, died.

The outstanding winner of the show was the Elmwood Farms herd of Robert Rasmussen of Lake Forest.

Ideograph Progressor Spofford, his aged cow, was senior champion and grand champion at the showing.

The blue ribbon winners and the first and second place winners in the 4-H contest will show Saturday at the state Holstein-Friesian show at Mooseheart.

Free Acts at County Fair July 29-Aug. 1 Good Entertainment

Visitors at the 1954 Lake County Fair are assured plenty of free entertainment this year. The fair opens at Wauconda for four days and nights starting on Thursday, July 29.

Free entertainment acts will be presented from the stage each afternoon and evening. The program will include Jerry and Margo in a novelty dance routine. Another act sure to make a hit will be Jerry Ashton, America's busiest comedy juggler. One really hasn't seen juggling until they see this versatile juggler.

Also billed on the entertainment program is Johnny Ak, the frogman. Johnny can get himself into more shapes than a pretzel. You'll feel like a knot just watching this performer.

The beau-brummel of clowns Walley Matz, will be on the grounds all four days and nights to greet and entertain the youngsters. He is known as Chicago's most popular clown-magician, and will appear in a novelty act in clown costume every afternoon and night.

Highlighting the first night's program will be a program of music, stunts and dance numbers given by county and district winners in the 4-H Share the Fun Festival contests. The acts to be presented will be the top acts selected from forty numbers given at the county contest.

Highlighting the Friday and Saturday nights entertainment will be the fireworks program. The fireworks presentation this year promises to be even better than the spectacular displays presented by the fair in former years. This year's fireworks display will be something that no youngster or older will want to miss.

Clinton Oats Variety Still Best for County U. of I. Professor Says

The Clinton variety of oats is still the best for Lake County until such varieties as Clinton and Clarion are marketed, Prof. J. C. Hackleman of the University of Illinois told farmers at the L. A. Huebsch seed test plot near Mundelein last Friday.

The Clinton variety appeared the best at the Lake County plot, but it will not be available in large amounts next year it was said.

Such varieties as Missouri 0-200 is good on poor soil, but it lodges on fertile soil, Hackleman said. Others grown at the test plot were Clinton 59, Clinton 25, Clinton 6, Branch, Bonds, Nemaha, Sauk, La-tuition.

Economic Highlights

For some reason, the idea has been gaining wide currency that the Eisenhower legislative program has encountered extremely thorny going, and that only a relatively small part of it has any chance of becoming law. There seems to be more talk about the setbacks than about the accomplishments.

It was obvious from the beginning that no program so all-embracing as that laid down by the President at the start of his administration would be approved in its entirety. Some of the President's friends and followers are of the opinion that he made a mistake in asking so much. But, whether that is true or not, an objective look at the record shows many very important accomplishments.

Jay Hayden, a nationally syndicated columnist, recently discussed what has happened. "Eisenhower is approaching the end of his first full fiscal year in a remarkably strong position. It is not too much to say that Eisenhower's accomplishment in the field of economics adds up to as revolutionary a swing toward industrial freedom and stability as Roosevelt's New Deal did in the opposite direction of socialistic government controls."

Mr. Hayden went on to describe a number of the major achievements. Some are highly controversial, of course, and many people will disagree with their wisdom. Regardless of that, the President wanted them and got them. Here is a partial list:

The Administration wiped out all price and wage controls. And it did this, as Mr. Hayden observes, "with no sign of inflation, wholesale strikes or other disturbances that were prophesied as resulting from that action."

Government military buying for military purposes has been reduced by \$17,500,000,000 in a single fiscal year. Yet employment has been running at higher levels recently than was the case a year ago. In May, the number of employed reached a peacetime record.

Substantial reductions have been made in taxes, from which all individuals and enterprises will benefit in one way or another. Even so, the deficit will be two-thirds less than the Truman estimate.

Though the Senate and House agricultural committees voted down the Eisenhower flexible support proposals, and voted continuance of 90 per cent supports, a surprising number of Senators from farm states—including Iowa, Kansas, Idaho, Florida, and New Mexico—supported the President. Here Mr. Hayden observes, "The avowed purpose of President Eisenhower to cut back farm price supports, hailed earlier as his greatest political danger, shows signs of becoming an election-day asset."

Other Eisenhower requests which have been approved include the St. Lawrence Seaway, which

has been advocated by every President beginning with Harding without success; increased social security benefits; a national defense bill differing in a number of important respects from prior ones, and extension for a year of the reciprocal trade plan.

That is the record of a stormy and eventful year. Few Presidents have obtained so much they wanted in so short a period.

Gross Roots Opinion

ELMER, N. J., TIMES: "One way of judging what the future may bring is to look at the record of the past. The story of American achievement under the individual enterprise system is clear and undisputed."

BELLINGHAM, WASH., HERALD: "The National Editorial Association . . . has protested at its Baltimore convention against what it calls a 'flagrant' regulation—that which makes the mailman a delivery boy for handbills. A ruling permits local post offices to deliver pieces of mail addressed simply 'Boxholder, Route —.' Everyone on the route receives a copy. As a result, mail boxes are jammed with unwanted advertising letters and pamphlets."

MANSFIELD, PA., ADVERTISER: "Just as people are able to do better by reviewing their past and avoiding some of the errors they have made, so can we as a self-governing people profit by reviewing the history of our nation."

DAWSON, MINN., SENTINEL: "We can't reduce taxes unless we reduce expenditures, and we cannot reduce expenditures as long as politicians can get votes by promising more government benefits."

MANSFIELD, OHIO, NEWS-JOURNAL: "The citizen, including the farmer, pays to keep food prices high, to buy surplus foods and keep them in storage."

The Low Down From Hickory Grove

As summer creeps up—and as it gets warmer and then hotter there on the banks of the turbulent Potomac—you can't tell what is going to happen next. Like it is with the glib and smooth gentleman out front at the side show with his 3 walnut shells and one pea. You think you know what the hombre is doing—but you glance away an instant and the pea is not there, when you look again.

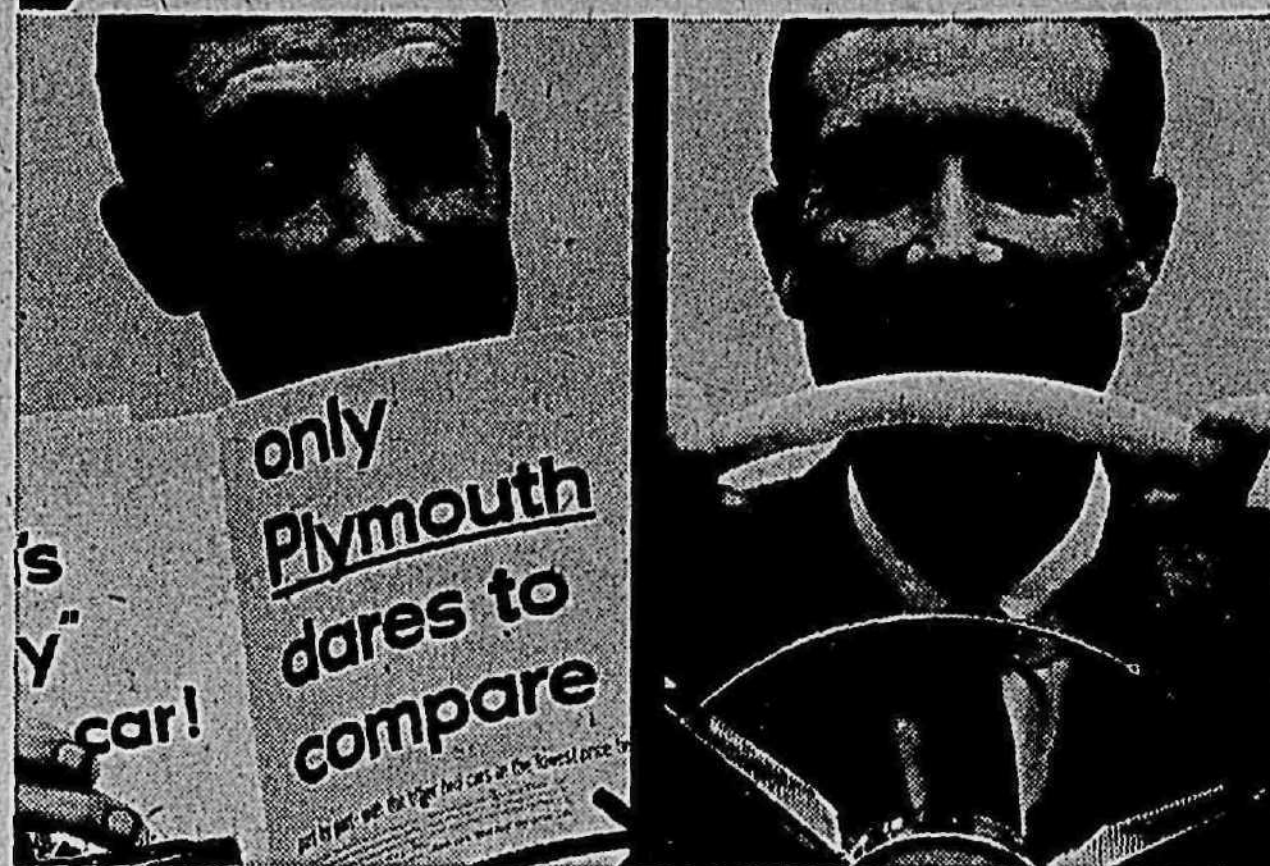

Now, I am not against congress. Congress is as honest as the gentleman with one pea and 3 shells. It's just business with him—his skill versus your eyesight and ego or sucker instinct. It is his business—nothing dishonest—but you can lose your shirt. Congress wants to make it look like it is sweating blood and tears for us folks over 21 and registered. It vows it is on our side—wants to cut expenses till it hurts, and it does fairly well all through the session while everybody is looking and listening. But by July 4th, and the heat is taking hold and the shade of the home grounds beckoning, Mr. and Mrs. Citizen better not look away a second or when they look again, the economy cuts in the budget—where are they—slickered again.

Moral: To keep 'em honest—and on your side—don't look away as the summer heat and tricky deficiency bills roll in.

Yours with the low down,

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford any new car, you can afford a Buick - and we boldly show our price here to prove it.

Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But - dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power - Buick V8 power - plus the new economy of Power-Head combustion.

They buy a lot more luxury and com-

fort and solidity - more room, more glass area, more frame strength, more tread width, more ride steadiness - including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the times, and the great panoramic windshield, and the surety that such fresh-looking beauty will stay in the style parade for seasons to come. (That means a better deal for you come resale time.)

Is it any wonder, then, that Buick now outsells all other cars in America except two of the so-called "low-price three"?

Come in for a demonstration - this week, for sure. And learn, in the doing, what a big trade-in allowance our volume sales can bring you.

And get this -

That's the local delivered price of the New Buick Special V8

2-DOOR,
6-PASSENGER SEDAN
Model 48D (Illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice. Even the factory-installed extras you may want are bargains, such as heater & defroster... only \$61.70.

McHenry Marine Day
Set for Sunday, Aug. 1;
Big Parade Planned

Plans are now progressing for the seventh annual Marine Day festival to be held in McHenry on Sunday, August 1. A three-day carnival will begin the event, and it will be concluded with day-long activities on Marine Day itself. The '54 Marine Day queen and her court will make up only one of a long line of beautiful floats to take part in the mammoth Marine Day parade which will pass throughout the city during the morning hours of the first Sunday in August. It is recognized as being the biggest and most colorful parade taking place in Northern Illinois.

To climax the full weekend of festivities, aquatic events will be held on the Fox River on the August first date. Water skiing, power boat racing and water carnival acts will be the featured attractions during the entire afternoon.

Members of the American Power Boat Racine Association and other affiliated clubs will compete in the power boat racing events to take place on the Fox river in McHenry on Marine Day, Aug. 1. A total of nine races, consisting of eight heats plus qualifying heats are scheduled. Classes J, A, B and D utility, plus A, B and D stock hydro racers will compete. Five to 25 horsepower motors will be used. Trophies will be awarded to the winners of each class.

Norbert Mauch, Marine Day chairman, expects the annual event to attract 15,000 or more visitors.

Teaching Mission at St. Ignatius' Planned By Fr. Edmond Hood

What has the historic church down through the centuries taught concerning death, heaven, hell, and the last judgment? What is the purpose and destiny of the church in the modern world? These topics will be the subject of a five day teaching mission at the Parish church of St. Ignatius of Antioch to begin on the evening of July 27 at 8 p. m.

"The purpose of this mission is two-fold," said Father Hood. "It is not only to instruct the faithful in the dogma and doctrine of the Church, but to reach out and touch those individuals who, having not become settled members of any denomination, have nevertheless been curious about what the historic church has always taught. For a number of years now laymen have been in dire danger of losing sight of the purpose and destiny of the church in the world. This has been due in great part to lack of knowledge and education. Indeed, the church has tended more and more to gravitate toward becoming just a polite convention, a 'snug harbor' for the saints." (When the average man looks about him at the various Christian bodies he might be well tempted to agree with the cartoonist who pictured a church with a sign

over the door saying: 'Church of the Saint's Rest. (The saints are already saved, God help the rest!)'

"Without knowledge, which breeds conviction, without reaching out into the world of men to bring them to Christ, the Church will fall miserably in her destiny and purpose. At a time in the history of the world when the Church should be imparting moral and spiritual strength to her people, she finds herself, in many cases, unable to cope with the rising tide of fear and unrest. I think that this one single fact should prove to be a deep sense of mortification to us all, realizing as we must, that we shall inevitably be forced, by the moral obligations of Faith and Honor, to retrieve that fatal error and assume once again the role of courage, self-respect, helpfulness and worship, which have ever been the bounden duty and service of Christian men and women the world over."

All of the mission services from July 27th to the 31st will be held at 8 p. m. in the parish Church.

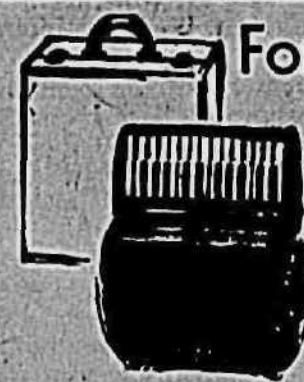

Reception for Bensons

A reception honoring the Rev. and Mrs. Howard C. Benson will be given at Wesley Hall in the Methodist church from 8 to 10 p. m. tomorrow. Mr. Benson has been reappointed to the Antioch church for the coming year.

An ensemble from the Community band will entertain during the re-

ception and the program will be featured by a piano number by Miss Mary Ann Nielsen. Albert Dittman will serve as master of ceremonies, and men of the social com-

mittee will serve at the punch bowl. Children may take advantage of the nursery which will be supervised. Guests may feel free to come and go at their convenience.
